Best Practices

Every year, Astha Mahavidyalaya organizes Inter Volleyball Competition, Kabaddi Competition and other extracurricular activities to motivate our students for the betterment of their overall development. Some of the recent events are given below-

7.2.1 Describe at least two institutional best practices (as per NAAC) format.

Best Practices I

Title of The practice: Arrangement of free coaching education in college for students.

Objective of The practice: To provide support to the needy and meritorious students:

1. To remove educational obstacles coming in the way of students going into government services.
2. Identifying students who cannot go away from the village and take coaching in the city.

The Context

Like other parts of rural India, a section of our college students come from backgrounds where joining government service is considered a dream. At present, many students here also receive financial assistance at the government level. But still there are some students who do not get any help at the government service, hence the college has made arrangements for the students. With this initiative of the college, many children are realizing their dream of joining government service by taking free coaching.

The Practice

The college has informed the students about the free coaching running in the college through notice board and newspaper.

Best Practices II

Title of The practice:

Working on environmental conservation and tree plantation by the college.

Objective of The practice:

1. To conservation the environment.
2. Promote greenery by planting trees.
3. To provide a healthy green environment to the students
4. Reducing greenhouse effect.
5. Reduce global warming.

The Context-

Environmental pollution today is a challenge not only for India but also for the world. Due to increasing environmental pollution, greenhouse effect increases the atmospheric temperature and the amount of carbon dioxide in the atmosphere is increasing. Many types of corrective works are being done continuously by the government and many organizations on environmental pollution. The college is also promoting environmental conservation programs. For this, tree plantation is done on a large scale by the college every year. Along with tree plantation, the college is also taking initiative for environmental conservation in the college campus Single use plastic use is banned. The college inspires students for environmental conservation and tree plantation.
